Governor Jay Inslee, et all)	ROBERT FERGUSON AND

)	PRISONER JAMES O'HAGAN AND
)	RICK SATCHER

I James J. O'Hagan swear under the penalty of perjury the following is true and correct to the best of my knowledge. I was elected president of the Pacific County Tea Party, and empowered to draft and submit this responses to this case by its members.

I Rick Satcher swear under penalty of perjury the following is true and correct to the best of my knowledge. I was elected secretary of the Pacific County Te Party and empowered to assist in drafting and submitting this response to this case by its members.

By reading the defendants motion to dismiss this lawsuit and this official document of the Pacific County Tea Party it should be obvious to everyone who reads it that the defendants and their accomplices are actively engaged in forcing a communist dictatorship onto the people of Washington State and attack our Republican form of Government. As described in USC Article IV sec. 4 Guarantee of Republican Government the Judges of this court are obligated by

1 their oaths to uphold our constitutional trust agreements and through their oaths of office they
2 are obligated and have jurisdiction to address this communist dictatorship.

3 Attorney General Robert Ferguson and Governor Jay Inslee's delegated agent, Paul M.
4 Crisalli performs exactly as we predicted he would, violates RCW 29A.84.720 Officers –
5 Violations Generally, and engages in fraud under the guise of accusing us of violating court
6 rules, to attempt to shift the peoples' court's focus away from the pertinent criminal violations
7 and issues. We stipulate if "their" court rules were designed to exempt "their" criminal
8 behavior "they" obtained their court rules under deceit and deception (fraud) and if that is a
9 questionable factual argument we stipulate it should be submitted to the proper jury to
10 determine. (RCW 10.58.040 Intent to defraud) Conley v. Gibson, 355 U.S. 41 at 48 (1957) "
11 Following the simple guide of rule 8(f) that all pleadings shall be construed as to do
12 substantial justice".... "The federal rules reject the approach that pleading is a game of skill
13 in which one misstep by counsel may be decisive to the outcome and accept the principal
14 that the purpose of pleading is to facilitate a proper decision on the merits." The court also
15 cited rule 8(f) FRCP, which holds that " all pleadings shall be construed to do substantial
16 justice." Davis v. Welchler, 263 US 22 , 24 ; Stromberb v. California, 283 US 359; NAACP v.
17 Alabama, 375 US 449 "The assertion of federal rights, when plainly and reasonably made, are
18 not to be defeated under the name of local practice".

19 In an attempt to shift the people's court's focus away from the issues at hand he
20 knowing argues an argument, Attorney General Robert Ferguson's office has already failed in
21 whereas: Delegated agent Paul M. Crisalli fraudulently argues the Pacific County Tea Party has
22 to be represented by an attorney which is a lie, in violation of RCW 42.17.010 2, 5, 6 & 11, a
23 form of perjury and grounds by itself for removal of the officials who delegated him to perform
24 their duties for them. Please see; NAACP v. Button 371 US 415,) : United Mineworkers of
25 America v. Gibbs, 383 US 715; and Johnson v. Avery 89 S. Ct. 747 (1969) Members of groups
26 who are competent nonlawyers can assist other members of the group achieve the goals of
27 the group in court without being charged with "unauthorised practice of law"., U. S. Supreme
28 Court Gideon v. Wainwright, 372 US 335, 83 S. Ct. 792, 9 L. Ed. 2d 799 (1963) " Laymen cannot

1 be expected to know how to protect their rights when dealing with practiced and carefully
 2 counselled adversaries ,... and for them to associate together to help one another to preserve
 3 and enforce rights guaranteed them under federal laws cannot be condemned as a threat to
 4 legal ethics. Howlett v. Rose, 496 U.S. 356 (1990) Federal law and Supreme Court Cases apply
 5 to State Court Cases. Federal Rules of Civil Procedure Rule 17, 28 "Next Friend" "A next friend
 6 is a person who represents someone who is unable to tend to his or her own interest."

7 FACTS

8 A substantial fact is this lawsuit is an attempt to return the political power back to the
 9 people that was stolen from them by lawyers, now lawyers are asking lawyers to dismiss this
 10 lawsuit of the people to silence us, destroy our republican form of government, force their
 11 communist dictatorship onto the people and end all of the political power of the people. Their
 12 criminal efforts to prevent the people from determining the facts involved here, is my friends a
 13 communist act designed to remove all of the political power of the people and force
 14 communism onto the people. Make no mistake about it our underlying effort here is an effort
 15 to make record in the peoples' courts to show the people how lawyers have organized together
 16 to destroy our constitutional trust agreements and force communism onto the people. The
 17 defendants actions are efforts to prevent us from educating the people as to who the real
 18 communist are within our government any why they are forcing their communist manifesto
 19 onto the people. We are pursuing this in hopes that when our constitutional form of
 20 government completely falls apart the people will understand who was responsible for
 21 destroying it, and why. The people need to understand when lawyers organize together to
 22 engage in criminal acts against the people they are nothing more than the largest organized
 23 crime organization there is.

24 The fact is through their delegated agent Paul M. Crisalli, Attorney General Robert
 25 Ferguson and Governor Jay Inslee, already acknowledged our case was grounds for removing
 26 them from office whereas on page 3 at lines 3- 11 under III **Facts**, Paul M. Crisalli acknowledges
 27 they received our Federal Criminal Rico Complaint, and proceeded to engage in the criminal act

1 of **Omission** to it, and now have taken further actions to attempt to continue to cover it up
 2 (through their motion to dismiss this action) thereby violating the following laws that pertain
 3 directly to them, their duties and oaths of office, which we are arguing is grounds for us to
 4 present our argument directly to the proper Jury to indict them and remove them from office
 5 as described in **28 U.S.C. § 1861 : US Code - Section 1861: Declaration of policy It is the policy**
 6 **of the United States that all litigants in Federal courts entitled to trial by jury shall have the**

 9 **States that all citizens shall have the opportunity to be considered for service on grand and**
 10 **petit juries in the district courts of the United States, and shall have an obligation to serve as**
 11 **jurors when summoned for that purpose.**

12 By acting in omission and aggressively attempting to cover-up our Federal Rico
 13 Complaint, and not assuring a proper jury was called to investigate it as described in **RCW**
 14 **36.27.020 Duties. (9) Present all violations of the election laws which may come to the**

 18 **the provisions of any charter or ordinance of any city or town of this state relating to elections**

 20 **duty, or in his or her official capacity, knowingly or fraudulently violates any of the provisions**
 21 **of law relating to such duty, is guilty of a class C felony punishable under RCW 9A.20.021 and**
 22 **shall forfeit his or her office.** (emphasis added) all of the officers involved were part of a
 23 criminal conspiracy¹ designed to attack our constitutional trust agreements and force a
 24 communist dictatorship onto the people of Washington State, and the United States including
 25 the members of the Pacific County Tea Party.

¹ **RCW 9A.28.040 Criminal conspiracy.** (2) It shall not be a defense to criminal conspiracy that the person or persons with whom the accused is alleged to have conspired: (f) Is a law enforcement officer or other government agent who did not intend that a crime be committed.

1 The absurdness of Mr. Crisalli's argument that the Pacific County Tea Party needs to be
2 represented by a member of the Washington State Bar Association is magnified by the fact
3 members of the Pacific County Tea Party were kidnapped and turned into political prisoners by
4 members of the Washington State Bar Assn when they ran for public office and campaigned to
5 clean up the corruption within the Washington State Bar Association, that is completely out of
6 control. In State of Washington vs James O'Hagan 16-1-00207-1, 52032-0-II, 95987-1 and State
7 of Washington vs Rick Satcher 54515-2-II 7 98169-8 the entire Washington State Judicial branch
8 violated our equal protections of law clause in USC Amendment XIV section 1 Citizenship Rights
9 Not To Be Abridged by States, RCW 29A.84.720 Officers – violations generally which is a
10 protection of law that the Members of the Pacific County Tea Party have been denied, which is
11 also why according to USC Amendment XIV section 1 Citizenship Rights Not To Be Abridged by
12 States this court has jurisdiction and standing to proceed.

13 The political prisoners of the Pacific County Tea party were made into political prisoners
14 by the members of the Washington State Judicial branch, and as such they have a creditable
15 justifiable reason to believe they cannot achieve justice in Washington State Courts, that have
16 been stolen from the people by Washington State Bar Association (hereafter WSBA) members,
17 to protect and enhance their judicial fraud industry that sells injustices to the highest bidders,
18 until these matters are resolved. Furthermore the WSBA members have violated and are
19 violating the separation of powers to protect and enhance their judicial fraud industry. Now as
20 Mr. Crisalli's document shows he and the defendants are attempting to use the judicial fraud
21 industry their accomplices perfected by violating the separation of powers to remove all of the
22 political power from the people and place it in the hands of his fellow WSBA members. We
23 have alleged these arguments, the defendants have not denied them, and we will use their own
24 document as evidence to prove to the proper jury they are all engaging in subversive activities,
25 attempting to violate our constitutional trust agreements and are in violation of RCW
26 29A.84.720 without a doubt.

27 Everyone with knowledge of this lawsuit needs to understand that RCW 29A.84.720
28 pertains to every officer of the peoples courts which includes every WSBA member and no

1 WSBA member, who supports the judicial fraud industry would ever make this argument
 2 because at this point the Grand Jury may ask all of them what they did to be in compliance with
 3 RCW 29A.84.720 Officers – Violations Generally. So far we are unaware of any WSBA member
 4 who has called for a Grand jury investigation into the election crimes we and others have
 5 alleged occurred, and we stipulate if the defendants were aware of any state officer being in
 6 compliance with RCW 29A.84.720 Officers – Violations Generally they would've stated so. Since
 7 Inslee and Ferguson are both WSBA members and officers of the peoples' courts RCW
 8 29A.84.720 Officers – Violations Generally applies directly to them and RCW 10.27.030
 9 Summoning Grand Jury, provided them the power to summon a Grand Jury to protect the
 10 political power of the people, and provide the people with the equal protection of law
 11 described in USC Amendment XIV section 1 Citizenship Rights not to be abridged by States. If
 12 the defendants can show us where RCW 29A.84.720 Officers – Violations Generally is being
 13 complied with and presented to the proper jury we will ask to present our evidence and testify
 14 to the proper jury and withdraw our complaint. The fact is all corrupt public officials are all
 15 afraid of Grand Jury investigations and are doing everything in their power to prevent them
 16 including stealing, corrupting and polluting the people's courts.

17 Our answer to Mr. Crisalli's argument that our service was untimely is as follows:

18 (1) The members of the deep state used the planed Covid 19 demic to their benefit in part to
 19 control the electoral process, and defeat political candidates campaigning to clean up the
 20 swamp of corruption within our governments and to make it difficult for people to organize
 21 together to do just that. Now again they are using the difficult situation they created to execute
 22 and cover up their voter fraud schemes. The honest truth and real fact is "all of the defendants
 23 had more than enough time between the time we gave them our RICO Criminal Complaint and
 24 served them to assure the proper jury was called to investigate the election law violations we
 25 complained of as described in RCW 36.27.020 Duties. (9) and follow the law that required them
 26 to do so as described in RCW 29A.84.720 Officers – Violations Generally and they did not. Now
 27 all of the defendants, knowing full well they have by law forfeited their office, are arguing they
 28 are all above the criminal codes established just to prevent them from engaging in the type of
 29 criminal activities they are engaging in. (2) When criminal charges were filed against political

1 candidate James O'Hagan he was not arrested by a criminal investigator and he did not waive
2 personal service, yet he was summoned into the criminal lawsuit against him by regular U.S.
3 Mail. Then when he and his political supporters filed their criminal Rico Complaint against the
4 State of Washington for violating election laws, in connection with that case Attorney General
5 Robert Ferguson's office refused to acknowledge Mr. O'Hagan had been summoned into a
6 lawsuit with improper service, now when it is beneficial for them to make the argument they
7 argue it here thus violating the equal protection of law standard described in USC Amendment
8 XIV section 1 Citizenship rights not to be abridged by States. Lawfully the court is obligated to
9 adhere to the equal protection of law standard and since the defendants opened the door for
10 the argument to be addressed by the court, the court is required to allow a jury to factually
11 determine if O'Hagan was provided the same standard of law the defendants are arguing they
12 are entitled to, and if the jury determines O'Hagan and his political supporters were damaged
13 by not providing them the same protection of law standard, the defendants need to make
14 restitution to O'Hagan and his political supporters for the damages they caused them.

15 On page 10 in section "C " the defendants argue this court lacks subject matter
16 jurisdiction to proceed yet when political prisoner James O'Hagan argued the state court lacked
17 subject matter jurisdiction to proceed in State of Washington vs James O'Hagan cause # 16-1-
18 00207-1, the courts in the State of Washington ignored it completely and refused to rule on his
19 jurisdiction argument. Now the Attorney General and the lawyer governor of the State of
20 Washington who we obligated by law to protect the election process and acted in omission to
21 Mr. O'Hagan and his political supporters jurisdictional arguments are asking this court to
22 enforce jurisdictional arguments. Clearly again they are asking the court to impose a double
23 standard and violate the equal protection of law clause in USC Amendment XIV section 1
24 Citizenship rights not to be abridged by States. Again the defendants motion to dismiss this
25 argument and the actions the state court took against members of the Pacific County Tea Party
26 is evidence of the judicial fraud industry and how it works in Washington State that the Tea
27 Party will use to prove their allegations.

1 The fact of the matters at hand before the people's court is Governor Jay Inslee and
 2 Attorney General Robert Ferguson through their delegated agent also are engaging in
 3 Subversive activities and as such are in violation of **RCW 9.81.020 Subversive Activities Made**
 4 **felony – Penalty** by insinuating and pretending they hold all of the political power and are
 5 above the laws described in **RCW 36.27.020 Duties. (9) and RCW 29A.84.720 Officers –**
 6 **Violations Generally** which is evidenced through their argument they have special privileges
 7 and absolute immunity. (page 13 line 4-page 14 line 8). These assertions are only assertions
 8 communist dictators or Nazi Gestapo type traitors to our constitutional trust agreements would
 9 dream of making, and we cannot believe anyone except a Nazi Gestapo type traitor would even
 10 attempt to argue they have achieved the "Nobility" that makes them above all criminal laws
 11 that were established by the people to hold them accountable to the people. Arguing the
 12 defendants are above the laws established for their official duties is granting them title of
 13 Nobility that Washington state is restricted by our constitutional trust agreement from doing.
 14 (USC Article I sec 10) This court should not even attempt to grant them any title of "Nobility".

15 The people have not empowered any members of the judicial branches to determine
 16 the outcomes of elections they have reserved the political power of the people to the people.
 17 Thus we the people, the members of the Pacific County Tea Party are demanding all of our
 18 election law violations be submitted to the proper Jury to investigate and determine, including
 19 but not limited to RCW 29A.84.720 Officers – violations generally. Furthermore we stipulate
 20 RCW 29A.84.720 pertains to every judicial officer licensed to practice law in Washington State,
 21 and that includes, under our equal footing doctrine, judicial officers practicing law in our federal
 22 courts also.

23 At this point the only substantial fact the people's court should be interested in is
 24 demanding the delegated agent of these defendants answers this simple question under
 25 penalty of perjury, **"Did the defendants, or their subordinates submit the alleged violations of**
 26 **election laws to the proper jury? Yes or no?"**

27 To our knowledge no one from the Pacific County Tea Party has been summoned to
 28 come before a grand Jury investigating our criminal complaint regarding the election law
 29 violations we documented and reported, furthermore we stipulate the defendants are afraid to

1 call forth the proper jury to investigate the election violations because they are fully aware they
2 have been engaging in criminal activity including bribing voters and trading in special influence
3 throughout their entire political career. Common sense would lead any reasonable person to
4 presume that if they had nothing to fear from calling the proper jury they would have called it
5 instead of risking their public office.

6 The fact is the defendants have not denied the fact they have and are supporting
7 actions of the fellow WSBA members to violate the separation of powers, to protect, and
8 enhance their judicial fraud industry.

9 The fact is the defendants did not deny the fact they have bribed voters with promising
10 increasing social benefits to them.

11 The fact is the defendants did not deny the fact they supported threatening voters with
12 threats and violence.

13 The fact is the defendants did not deny the fact illegal votes were cast and unlawfully
14 counted.

15 The fact is the defendants did not deny the fact they unlawfully engaged in trading in
16 special influence.

17 The fact is the defendants have not denied the fact they violated RCW 42.17A.550 when
18 AG Ferguson filed his lawsuit against President Trump and when Governor Inslee promised
19 increasing social benefits, as it was an unauthorized use of public funds for their personal
20 political purposes.

21 The fact is the defendants have not denied the fact the defendants are communist
22 dictators that are addicted to power and riches, who utilized Nazi Gestapo tactics to satisfy
23 their uncontrollable thirst for power, and by so they have violated our Constitutional trust
24 agreement that reserves the political power to the people.

25 Furthermore we stipulate every officer of our state and federal judicial branches that
26 engages in actions under the guise it is legal to prevent us from presenting our evidence and
27 arguments to the proper jury is engaging in a sedations conspiracy², advocating forcing their

² 18 U.S. Code § 2384 - Seditious conspiracy,

1 communist dictatorship³ onto the people and overthrowing our constructional form of
 2 government, rebellion and insurrection⁴, misprision of treason⁵, and joining their criminal
 3 conspiracy to force their communist dictatorships onto the people of Washington State and the
 4 United States and in violation of RCW 29A.84.720 Officers – violations generally.

5 The defendant's argument that these actions do not matter because the election was
 6 certified by Secretary of State Kim Whyman is meritless, because we are going to prove to the
 7 proper jury that it was a false certification as described in **RCW 42.20.050 Public officer making**
 8 **false certificate, RCW 42.20.100 Failure of duty by public officer a misdemeanor and RCW**
 9 **42.20.040 False report**, and a special election will have to be held to replace all of the public
 10 officials who engaged in criminal activities and by law have forfeited their offices.

11 The defendants argument that " the members of the Pacific County Tea Party failed to
 12 state a claim for which relief can be granted, along with their entire motion to dismiss this is an
 13 intent to defraud us (RCW 10.58.040), a product of the judicial fraud industry, intended to
 14 prevent justice and defraud the members of the Pacific County Tea Party and others of the
 15 justice asked for in their complaint.

16 ARGUMENT

17 All of the defendants involved here have a common thread between them, they are all
 18 attorneys, WSBA members, and officers of the people's courts, as such we stipulate they
 19 understand English and as such they were aware RCW 29A.84.720 prevented them and their
 20 delegated agents from engaging in any actions to prevent our evidence and arguments to be
 21 presented to the proper jury. To do so was felony criminal acts they all engaged in designed to
 22 remove the political power from the people, including any official who delegated his or her
 23 authority to another judicial officer as they were responsible to review the work of the person
 24 who they delegated their authority to, and approve it, thus they are equally responsible for
 25 their work product and because it involves more than one person it involves criminal
 26 conspiracies when the work product involves criminal activities.

³18 U.S. Code § 2385 - Advocating overthrow of Government

⁴ 18 U.S. Code § 2383 - Rebellion or insurrection

⁵18 U.S. Code § 2382 - Misprision of treason

1 We stipulate the only lawful action for the defendants to take would've been to
2 acknowledge to the court that RCW 29A.84.720 requires them to present their defending
3 arguments to the proper jury, and to have denied each and every allegation of violations to
4 voter laws we presented to the people's court, which they did not do, instead they demanded
5 being released from the criminal liability described in RCW 29A.84.720 and continue to remain
6 in office even though they are aware they have forfeited it by law.

7 Does anyone else find it peculiar that the defendants would cite cases that educated
8 members of the Pacific County Tea Party on the judicial fraud industry? Is it an effort to trade in
9 special influence with the federal judges involved, or is it an attempt to shift the Tea Parties
10 focus away from the issues? At any event the defendants opened the door for us to respond
11 to it. So this is our response: The federal judges involved should also read the Honorable Paul
12 B. Snyder's March 23, 2002 decision in cause no. 00-35769, ADV # A01-04031 then review the
13 cases the defendants refer to as it will show the federal judges involved here that Judge Lynch
14 and Judge Brandt were involved in trading in special influence fraud and acting in bad faith. It is
15 clear by Judge Snyder's decision that Governor Jay Inslee's law partner designed the bankruptcy
16 fraud schemes and bribed the trustee's involved with the \$100,000.00 that Judge Snyder
17 referred to as "went missing", and instead of then U. S. prosecuting attorney Jenny Durkin and
18 AG Robert Ferguson doing anything to address the criminal activity of Governor Jay Inslee's law
19 partner, Gregory Ursich they both engaged in trading in special influence, joined Gregory
20 Ursich's criminal conspiracy and supported and protected their judicial fraud industry, that has
21 nothing to do with justice and everything to do with providing injustices. Had any of the federal
22 judges involved or the defendants actually acted without malice, in good faith and addressed
23 their criminal activities then we would not be here now addressing the defendants' additional
24 criminal activities. In an effort to support and protect their judicial fraud industry AG Ferguson's
25 office withheld the charging document the Washington State Patrol submitted to AG Robert
26 Fergusons' office related to this, from this court because it is evidence of their criminal
27 involvement, in the judicial fraud industry they are attempting to deny exists.

28 Furthermore we stipulate the Federal Judges involved here are Washington State
29 residents, who hold Washington State Bar licenses, and as such they are motivated to protect

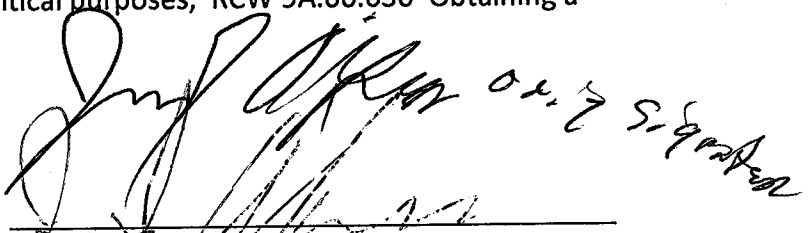

the interests of Washington State Bar members, as such we pray their conflict of interest does not trump their Oaths to protect the peoples' interests in our constitutional trust agreements, and we pray these judges will acknowledge this. We presume they are voters and we would like to know if they voted to elect any of their fellow WSBA members who are violating the separation of powers by infiltrating our legislative and executive branches of our governments. We document this to show the court and the people why it is necessary to involve the proper jury in these matters. If you carefully read the defendants motion to dismiss our request for justice, you can clearly tell they believe only Washington State Bar Association members should be allowed to determine the political power of the people and as noted it is a criminal act and a communist attack on our state and federal constitutional trust agreements.

Prayer for relief

We respectfully request that Your Honor refuses to join the defendant's and their accomplices criminal conspiracy to attack our republic, violate our protection of law described in RCW 29A.84.720, refrains from attempting to remove the political power of the people, denies the defendants motion to dismiss and orders an evidentiary hearing instructing the defendants to bring forth all evidence they have to defeat our voter law violations allegations, and show how they were in compliance with USC Article IV section 4 Guarantee of Republican Government, USC Amendment XIV section 1 Citizenship Rights Not To Be Abridged by States, WSC Article I Section 1 Political Power, Section 2 Supreme Law of the Land, Section 3 Personal Rights, Section 4 Right of Petition and Assemblage, Section 5 Freedom of Speech, Section 8 Irrevocable Privileges Franchise or Immunity Prohibited, Section 12 Special Privileges and Immunities Prohibited, Section 19 Freedom of elections, RCW 36.27.020 Duties.
